Dear Sir,

RE: REQUEST FOR INFORMATION - MATTERS ARISING ON ICH REPORT OF THE EVALUATION PANEL

OccupyGhana® has followed with keen interest the unfolding news regarding alleged fraudulent activities with the Issuance of the Afriwave ICT Licence.

In order to be better informed and take the right line of action, OccupyGhana® is asking your office to kindly furnish us with the copies of documents that aided this decision to award the Licence to Afriwave. Specifically, we are requesting the individual panel members reports on this tender, and minutes of the Board Meeting that approved the tender for Afriwave.

We are asking for these in the exercise of our right to information under article 21(1)(f) of the Constitution.

We hope that this request will be given the urgent attention it deserves.

Yours in the service of God and Country
